

Communication & Literacy Other English

elements, including communication and phonics covered this term are:

Literacy work will continue to relate to the different events and topics covered over the term, as well as focus on practical and functional skills. The Communication Group will look at a selection of eBooks and stories relating to the term i.e. 'The Runaway Pancake', 'Using the Shops', 'Out & About' and 'Road Safety'. We will focus on keeping safe when out and about.

Students will continue to join their ability groups for Read, Write Inc/Phonics sessions throughout the week and work on their individual literacy targets. We will share some favourite stories for **World Book Day** and recap **The Easter Story**.

Functional Maths Other Maths elements, including counting

and topic covered this term are:

Students will continue to focus on their individual math targets. They will engage in themed activities and games as well as use their mathematical skills practically throughout the week. Our main focus this term is on **MEASURE**. We will look at measuring equipment used for various items and their units of measure.

Enterprise, Vocational and Work Experience

The Enterprise Group will continue to sell bird feeders in support of the British Bird Watch. We will also be hosting another very popular Jacket Potato Café!

The group will focus on coming up with ideas and creating some gifts for Mother's Day. We will be helping to raise money for **RED NOSE COMIC RELIEF**.

Students will be visiting local colleges and places of work. Some students will be attending the Careers Fest at Kassam to find out about future career options.

Over-arching topic

On the move

Term 4

Albatross Class

Topic

Our topic work will continue the whole school theme focus of **On the move**. We will briefly think about forces and what affects movement, direction and speed. However, Sixth form students will mostly be using this time to consider travelling safely within the community and consolidating their road safety skills, as well as finding out about public transport. We will be finding out about different methods of transport and look into and plan a short train journey for next term. We will also practice catching the bus and may test out our skills!

PSHE and Careers

We will be considering respectful relationships and what makes a good friendship, as well as developing deeper respectful relationships with another person.

Students will be finding out about different jobs and thinking about their future work experience placements.
