

Stories we are teaching this term:

Our theme this term is Myths and Legends so we will be reading and retelling a wide range of traditional stories from all around the world. We will be focusing on oral story telling and acting out lots of the stories that we have discovered. Our first story will be St George and the Dragon, ready for the school celebrations.

Literacy:

In Hawk Class we will be focusing on our story telling around myths and legends for reading and writing in literacy.

We will also be practising our keyboard skills to develop our ability to record stories in different ways.

Problem Solving and Reasoning :

Our first focus is calculation this term and we are focusing on sharing and division skills. This will be followed by recognising and understanding fractions.

Lastly, we will return to geometry to revise and develop our understanding of 2D and 3D shapes.

Myths and Legends (over-arching-theme)

Term 5

Hawk Class

How you Can help at home.

PLEASE continue to send us your empty boxes and packaging for our junk modelling projects.

If you have any myths and legends books at home, please send them into share.

Other Curriculum areas:

Science: The children will be learning about 'living' and 'non-living' things and how to tell the difference. They will also be learning about natural and manmade materials.

PSHE: We will be continuing our work on 'Zones of Regulation' this term. We will also be starting to learn about puberty and the changes that will or are taking place in our bodies. We will be learning about public and private and consent.

ICT: We will be learning to use the computer keyboards to help us write stories.

Highlights:

Visiting Abingdon Library and borrowing some exciting new books for the class.
Celebrating St George's Day with other classes and parents at school.
Learning about King Charles' coronation.
