

## Have your say

The Kingfisher School already has a vision which outlines its values and ethos known as the **Kingfisher VIEW** which stands for:

- Valued
- Independent
- Enriched
- Worthwhile

Parents, carers, pupils and staff may already be aware of this vision which means that Kingfisher aims to be a place where everyone is **valued** to develop **independence** through an **enriching** curriculum which is **worthwhile**. At Kingfisher we aspire to make every member of our school community feel genuinely **valued** for being the unique person that they are; we strive to enable our pupils to become as **independent** as they can be both in their learning and in life; we aim to ensure that our pupils are offered a range of opportunities and experiences that will mean their lives are improved and **enriched** and we want to make sure that everything we do is meaningful and **worthwhile**.

Building on this, the Kingfisher now wants to develop a strategy for the school so that we have shared outcomes and objectives to guide everything we do. We have developed some draft outcomes and objectives and now we want to work with parents, carers, staff, pupils and people who have an interest in or participate in the work of the school to shape these.

These are outlined below:

Theme	Outcome	Objectives
Quality of Education	Every pupil reaches their full potential	❖ Deliver an enriching curriculum
		❖ Provide tailored learning experiences
Behaviour and Attitudes	Every pupil is included and valued for their strengths	❖ Provide an environment where individual strengths are nurtured
		❖ Promote equality of opportunity and celebrate diversity
Personal Development	Every pupil develops their personal independence	❖ Create an environment where children can be secure to explore their independence
		❖ Deliver worthwhile developmental opportunities
Leadership and Management	Every pupil thrives in an inspiring school environment	❖ Continue to develop our excellent team who support pupils and one another
		❖ Prioritise health and wellbeing for the whole school community

We are keen to hear what parents, carers, staff and our wider partners think about our draft outcomes and objectives as outlined below:

1. We will use the objectives to guide how we work together on the development of the school for the future.
  - a. Are these the right objectives?

- b. Which are the most important to you?
  - c. Any other comments / suggestions?
2. We have proposed four outcomes.
  - a. Are these the right outcomes areas?
  - b. Which are the most important to you?
  - c. Any other comments / suggestions?

We will use your feedback to refine and finalise the draft outcomes and objectives. You can give your feedback in a number of ways:
